## DUPONT IS DOWNED

HE WILL NOT BE UNITED STATES SENATOR THIS TRIP.

By a Vote Wherein All Republicans Favor and All Democrats and Populists Oppose, the Senator-Elect From Delaware is Declared Not Entitled to a Sent, Vote 31 to 30-Termination of a Long Drawn Out and Hard Fought Contest-Cuban, Tariff and Bond Resolutions by Morgan, Gailinger, Bacon and Butler,

Washington, May 15 .- By a vote of Washington, May 15.—By a vote of M to 30 the senate decided today that Henry A. Dupont was not entitled to a seat in the senate from Delaware. This closed a long and animated controversy which had become one of the most notable contests of its kind in the history of the senate. The result was in doubt up to the last moment and this lent added interest to the final vote. There had been some question as to the direction of Mr. Stewart's vote, but it went with those of the Democrats and Populists, and was the decisive vote in declaring that Mr. Dupont was not entitled to a seat. Before the taking entitled to a seat. Before the taking of the vote, Mr. Platt spoke for Mr. Dupont and Mr. Vilas against. A resolution was agreed to for an nquiry by the finance cor

The resolution directs the com mittee on foreign relations to inquire nto and report on the rights of the United States under our treaties with Spain as to the trial of our citizens arrested in Cuba and now under sen ice of death by Spanish military tribunals for alleged offenses of a politi-cal or other character and to report on the subject by bill or otherwise.

That the widespread busness depression and rapid increase of the public debt demonstrates that the existing tariff law does not produce sufficient revenue and that a revision of the law is imperatively demanded by the people of the United States." Mr. Gallinger announced that he would address the senate on this resoution or some similar measure before

BACON, BUTLER AND BONDS. Earler in the day Mr. Bacon. (Dem. Ga.) spoke against the issue of bonds without authority of congress. Mr. Bacon urged that congress should repeal the law under which the present bond issues were made. He said that if this congress adjourned without a repeal, then it was justly chargeable with approving the law, as it had the power to disapprove it. As more bonds would be insured, congress would be further chargeable with approving such issues if it failed to make them im-possible. It would be a serious blow to our institutions, said Mr. Bacon, when one man in his unbridled will could determine the amount to which the public debt would be increased. Every such bond issue, sald he, weakened the loyalty of the people and made them subservient to one-man power. It was to be human bodies were seen in the water but could not be reached.
